

Sales Gallery Agreement

The sales gallery is a 200 square foot space that showcases high quality, unique handmade items that are available for purchase. Work is selected on an application basis and undergoes a juried process before admission. We believe in promoting artists and makers while making their work available to the Preble County community.

We will need the following:

- A completed 1099 Tax Information Request Form
- A completed inventory list form with retail price points
- Your business card or any other relevant information to be displayed with your work

Sales Gallery Policy

All contracts are on a 6-month basis, any items left at Preble Arts after this time without an updated Sales Gallery Agreement will become the property of the Preble County Art Association. It is required for artists selling their work in Preble Arts' sales gallery to frequently visit, at least once a month, to update pieces and inventory lists. The Preble County Art Association retains discretion in display and content of the sales gallery and retains 30% of all sales. Payments will be issued once a month.

By signing this form, I agree to all above conditions.
